

OPTIMIZING A WAREHOUSE FOR SUPERIOR PERFORMANCE

THREE WAYS TO SMARTER WAREHOUSING

Our innovative warehouse management system (WMS) brings businesses the streamlined supply chain they demand.

**1**

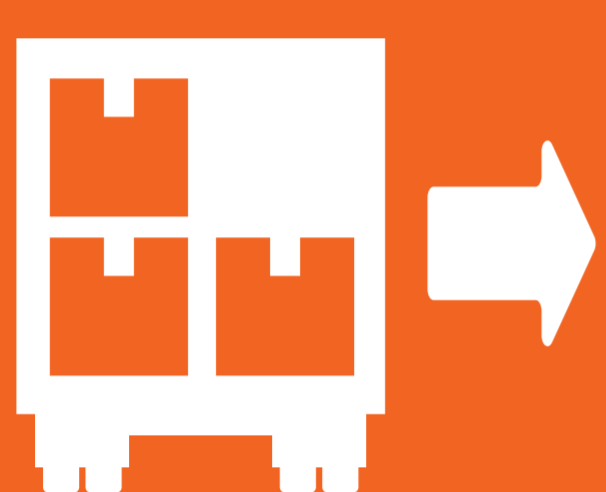

FLEXIBLE INTEGRATION

Our WMS integrates with existing systems for seamless performance.

**2**

PRIME WAREHOUSING CAPACITY LOCATION

Schneider's proximity to ocean ports and preferred inland locations cut down on time and expenses.

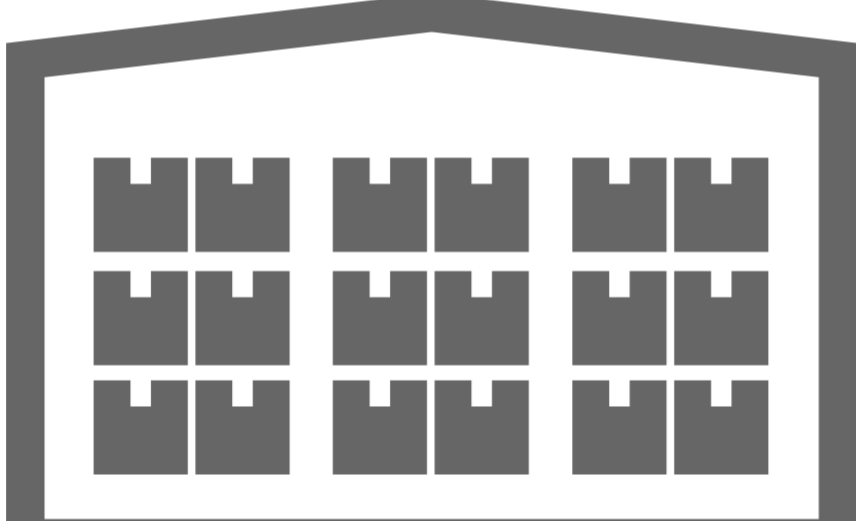

**3**

TRANSLOADING

We keep freight moving by logging shipments dockside and distributing them directly to the truck.

OUR WAREHOUSE EXPERTISE IN THE REAL WORLD

When a national retail giant looked to spark productivity in its supply chain, Schneider delivered:

**16%↑ PRODUCTIVITY INCREASE**

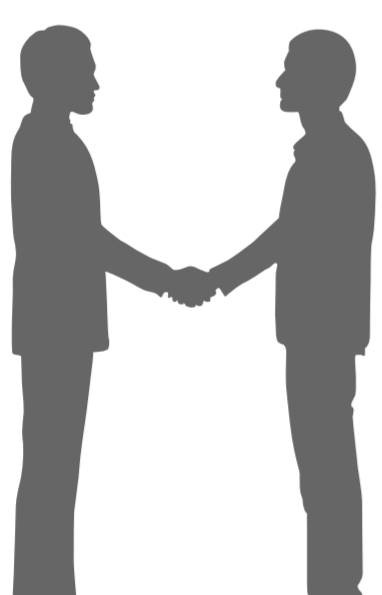

by re-engineering warehouse storage

AN ADDITIONAL PRODUCTIVITY BOOST through continuous improvement

4%↑

NEW SCOPES OF OPERATION

that support direct-to-store, promotions and annual programs

A PROACTIVE CUSTOMER CONTACT PROGRAM

that works with key distribution centers for actionable intelligence takeaways

THE SCHNEIDER IMPACT

Our dedicated warehouse consistently ranks high within this retailer's supply chain.

12%↓ COST REDUCTION

Increased productivity has enabled large cost reductions for the retailer.

SCHNEIDER WAREHOUSING

is ready to help your business store freight smarter and keep costs low. Our WMS unlocked huge productivity gains for the national retailer above and can do the same for your supply chain.
